The American Physiological Society (APS) provides leadership in the life sciences by promoting excellence and innovation in physiological research and education and by providing information to the scientific community and to the public.

The Awards, Grants, and Fellowships programs are designed to strengthen and shape the discipline through awards that support, recognize, and publicize the scholarly and research activities of APS Members.

For Full Details or Questions on all awards, grants and fellowships, visit The American Physiological Society web site at: www.the-aps.org/awards
EMPOWER YOUR STUDENTS WITH INTERACTIVE, MULTI-MEDIA LESSONS

- Students Record Live Physiological Data
- Focus on Key Principles
- Develop Real-World Skills
- Use Clinical & Standardized Techniques
- Extensive Experiment Range
- Instructor and Student Prep Tools
- Millions of Successful Lab Hours
- Proven to Increase Confidence & Proficiency

STUDENTS RECORD FROM THEIR OWN BODIES, ANIMALS, OR TISSUE PREPS

- Easy Setup...Great Data!
- Add Student-Designed Experiments
- Create Your Own Lessons
- Use Advanced Analysis

COMPLETE SYSTEMS FOR LIFE SCIENCE LABS

- Physiology
- Biology
- Psychophysiology
- Neuroscience
- Exercise Physiology & Biomechanics
- Pharmacology & Toxicology
- Biomedical Engineering
- Nursing

Used in thousands of labs worldwide! Incorporated in major published lab manuals!

Request a demo or watch tutorial screencasts online now!
